## CHRYSANTHEMUM LIST

From among the hundreds of hardy chrysanthemums now on the market we have chosen the following varieties, which comprise the full color range, all types, and season of bloom, from early to late. We have varieties to suit the most discriminating taste. Our plants are grown in  $2\frac{1}{2}$  inch pots and good care should reward you with good bloom. Plants are ready for shipment from mid May to July.

Visitors are always welcome. We are located on Brookside Road, near Forest Street, which runs from Washington Street near Wellesley Hills Square to Central Street, Needham. In early June you will see the iris; late July and August the hemerocallis; late September and October, the chrysanthemums.

Terms are cash with order, check, draft, or money-order. Postage is paid on orders over \$5; on smaller orders add 25¢ for packing and postage.

## TYPE OF FLOWER

P - Pompon      S - Single      SD - Semi-double      D - Double      E - Early  
M - Midseason      L - Late

Variety Name	Time of Bloom	Height	Price each	Price per 3	Price per 12
